**RESPECTFULLY PRESENTING PETITION FOR ACTION OF COURT AND FOR CAUSE AS FOLLOWS:**

Your Petitioner reports that urine specimens obtained from Ms. Coccarelli on June 14, 18, and 21, 2007, tested positive for cocaine. Ms. Coccarelli admitted on June 28, 2007, to using cocaine. The positive tests were confirmed by Kroll Laboratory Specialists, Incorporated. Specimens taken since June 26, 2007, have been negative for cocaine. On July 23, 2007, Ms. Coccarelli signed a Probation Form 49, Waiver of Hearing to Modify Conditions of Probation/Supervised Release or Extend Time of Supervision (enclosed), in which she agreed to the following modification of supervision: The releasee shall be placed on home detention for a period not to exceed 120 days. During this time, the defendant shall remain at her place of residence except for employment and other activities approved in advance by the probation officer. At the direction of the probation officer, the defendant shall wear an electronic device and shall observe the rules specified by the Probation Department. It is the opinion of the Probation Office that Ms. Coccarelli needs to be provided with some community-based structure which home detention can provide. In addition, Ms. Coccarelli was recently referred by the Probation Office for mental health counseling, and the initial report is that she is suffering from severe bipolar disorder and is in need of counseling and medication. Placement on home detention can continue the efforts to address her mental health and drug problems.
